25X1

1. Poles of the 1928 class had not been inducted into the armed forces by June 1949.
2. Members of the 1929 class had been registered for the draft by the recruiting offices.
3. In all three branches of the armed forces the heads of all recruits were shaved. As every civilian with a shaved head was suspected of desertion, he was immediately checked for his identity papers.

Comment:

According to previous information, the 1928 class had been registered for the draft in the summer and fall of 1948. Newspapers of September 1948 reported that members of the 1928 class had been inducted into the "KSW". The induction into the army of the 1928 class is probably due in the fall of 1949. It is assumed that the 1929 class was registered for the draft in 1949.
